GRAPHIC ERA HILL UNIVERSITY, DEHRADUN

Profiling Sheet

Q.1: Write your career objective.

To apply cyber security expertise, safeguard digital systems, enhance organizational in secure computing

Q.2: Why do you want to be an engineer? Elaborate reasons.

Because it allows me to solve real-world problems, innovate with technology, and contribute to society. Engineering combines creativity & logic, empowering me to build secure systems & shape a safer digital future

Q.3: Write about projects or internship you have done/ are doing along with the learning.

Attendance management system → Implemented features for adding, updating & viewing attendance records, efficiency by reducing manual errors & saving time for faculty.
MAIL SECURITY SYSTEM → To secure email communication against unauthorized access, encryption techniques to protect sensitive data.

Q.4: What would you consider a significant achievement in your life and why?

I would consider a significant achievement like mastering cyber security empowerment to protect digital spaces, ensuring safety & trust in society.

Q.5: Write about a failure of yours which you consider to share. What have you learned from it?

To manage time effectively, which led me to incomplete work & stress. From this I learned the importance of planning, prioritizing tasks & maintaining discipline & how to convert setbacks into opportunities for growth

Q.6: What are your strengths? Write one or two instances where you have demonstrated your strengths.

STRENGTHS → • Strong problem solving ability.
• Effective communication & teamwork.
• Technical expertise in software development & cyber security.
INSTANCES → • Problem solving, while developing attendance management system, I faced database errors, by analyzing queries & debugging code, I resolved the issue, ensuring smooth record storage & retrieval.

Q.7: Write about your weaknesses. What are you doing to overcome your weaknesses?

TIME MANAGEMENT, especially when handling multiple tasks or projects. To overcome this, I have started creating structured schedules, setting priorities. This help me stay organised, meet deadlines & gradually turn this weakness into strength.

Q.8: What is the most difficult moment that you have faced in your life so far? What qualities helped you to overcome the moment?

Managing multiple academics projects & Exams at same time, The pressure was overwhelming, but qualities like perseverance, time management & self discipline helped me overcome the challenge. By staying focus, breaking tasks into smaller goals, & maintaining confidence. I successfully learned how to deal with it.

Q.9: Apart from academics, what else are you interested in?

Make a separate list in terms of extracurricular activities, sports and any other interests.

1) FOOTBALL [Played at cluster level], regular practice to improve stamina & strategy.
2) TECH & EXPLORING
3) PERSONAL DEVELOPMENT

Q.10: Give an example of an area, concept or thing that you are absolutely passionate about.

I AM absolutely passionate about cyber security, as it empowers me to protect digital systems, solve complex problems, & contribute to building a safer, more resilient tech world.

Q.11: Describe yourself as an individual in 5 lines.

1) I am, curious & motivated individual who values learning & growth.
2) My strengths lie in confident, problem-solving, adaptability
3) Passionate about cyber security, aiming to make a the impact.
4) I love exploring new places & experience which broaden my pov.
5) I've been to spiti valley famous for its deadliest roads in India and have learned patience & courage from that journey.

Q.12: What kinds of people do you enjoy working with?

I Enjoy working with honest, competitive, disciplined, supportive people who value teamwork, communication

Q.13: What kinds of people you don't want to work with? What would you do if they became your senior in your dream job?

I dont enjoy working with people ~~with~~ who are dishonest, irresponsible & negative thinker.
I would remain professional, respect their position, adapt by maintaining clear communication, staying disciplined

Q.14: What do you expect from your first job? Prioritize and write in order.

I Expect strong learning opportunities to enhance my cyber security & technical skills. I want practical hands on experience with real projects, Guidance & mentorship from senior to grow professionally. A positive, collaborative work environment with ~~teacher~~ teamwork.

Q.15: In the past year, what have you been dissatisfied about in your performance?

In the past year, I was dissatisfied with poor time management. I learned discipline, planning & consistency are essential to improve performance & achieve better result
